

Information

ilk: Brassica

Species: Brassica rapa var sorularis.

French: tasoy;

Italian: Tatsoy;

Spanish: Tatsoy.

A decorative border of green leaves surrounds the text. The leaves are arranged in a repeating pattern along the top, bottom, and sides of the page.

Origin and diffusion:

It comes from the East and has a high tolerance to high and low temperatures, it is cultivated all year in greenhouse between the North and South Italy.

The plant shows an erect grow habit of a tuft of 4-5 leaves, which are deep green, with an oval shape and very fleshy. He has a very particular taste and is ideal for baby leaf.
